Surgical Assistant Staff Training Course - Oral Implantology
Course Registration Form

www.cditc.ca/staff-training/

The Surgical Assistant Training Course for Certified Dental Assistants working with implant treatment in dental offices. This 2-day course provides take-home knowledge for all participants to apply in their office on Monday, some hands-on practice that will allow participants to apply their new knowledge more easily into their work, and support for the support staff in tackling a new / relatively new branch of dentistry that their dentist is bringing / has brought into their practice.

The program: 2 days of lecture and hands-on training to take back to your office.

Registering: **One CDA**   **2 CDA's [same practice]**

Participant Information: Date:
